## General Conditions

1. The issuance of this permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code or of any other ordinances of the jurisdiction.
2. The approved plans shall not be changed, modified, or altered without authorization from the building official.
3. This permit, inspection record and approved plans are required to be on the job site at all times.
4. All development activity and heavy equipment operation is restricted to 7:00 a.m. to 8:00 p.m., Monday through Friday, and 9:00 a.m. to 6:00 on Saturdays. No development activity or heavy equipment operation may occur on Sundays or holidays observed by the City.

SEE ATTACHED SHEET FOR SPECIFIC CONDITIONS

The City approved plans, permit and inspection record must remain on the job site for use by City inspection personnel. Any sales tax reported to the State in association with this project should be coded to the City of Kirkland tax location code 1716. I certify that the information furnished by me is true and correct to the best of my knowledge and the applicable City of Kirkland requirements will be met.

## Building Department Conditions:

BLDG. DEPT. CONDITIONS Contact Darrell Harmon PH# 425-587-3600 with any questions\*

\* Conditions noted below are part of the approved plans and shall remain attached to them at all times. The approval of plans and specifications does not permit the violation of any section of the International Building Code International Mechanical Code, International Fire Code, or any City of Kirkland regulation or state law. Corrections as indicated below, along with the unchanged information this correction sheet, as well as other applicable code sections not specifically noted, shall be shown on the drawings, must be complied with. In addition, since this correction sheet is a review aid, it shall not be used in lieu of the above mentioned codes, regulations, and laws. Separate Electrical Permit and inspection is required.

A separate mechanical permit is required for any new heating, ventilating and cooling system, or any new mechanical equipment. Alterations to existing heating and ventilating systems also require a mechanical permit.

Submit two (2) copies of drawings and specifications to the Building Services Division for review and approval.
