

December 3, 2015

Darrell Harmon
City of Kirkland

On December 3, 2015 a survey crew working under my direct supervision field verified the elevation of the top of wood framing on the upper floor of the main structure of the residence located at 12730 NE 69th Drive, Kirkland WA, known as Lot 9, Alexa Lane Short Plat, as recorded by the City of Kirkland in the records of King County under recording number 20150526900008. The observed ridge height elevation is 518.92' (NAVD 88). A proposed maximum ridge height elevation of 521.83' (NAVD 88) is indicated on the approved site plan under Permit BSF15-005059, as approved by Darrell Harmon on September 23, 2015.

This house projects to be below the Maximum Ridge Height of 521.83'.

As always, please do not hesitate to contact me with further questions regarding this matter.

A handwritten signature in black ink, appearing to read "W. Travis Bradley", is written over the printed name.

W Travis Bradley, PLS
Surveyor
