

Maher Welaye, PE

01/29/2016

Civil Engineer for the associated site work on short plat (SBU14-02016)

I have reviewed the proposed short plat and I believe it accurately represents all requirements from the approved civil engineering plans including incorporation of all necessary easements for access and utilities.

Maher Welaye, PE

A handwritten signature in blue ink, appearing to read 'Maher Welaye', is written below the typed name.
